WAREHOUSING PROCESSING and LOGISTICS Port of Ravenna

LAGHI SERVICE Srl has been working in the port industry in Ravenna for thirty years, providing fully customised logistics, handling and processing services.

Speed, preparedness and safety underpin our dealings with our customers and partners every day, ensuring rapid and direct communication in relation to each processing and handling operation.

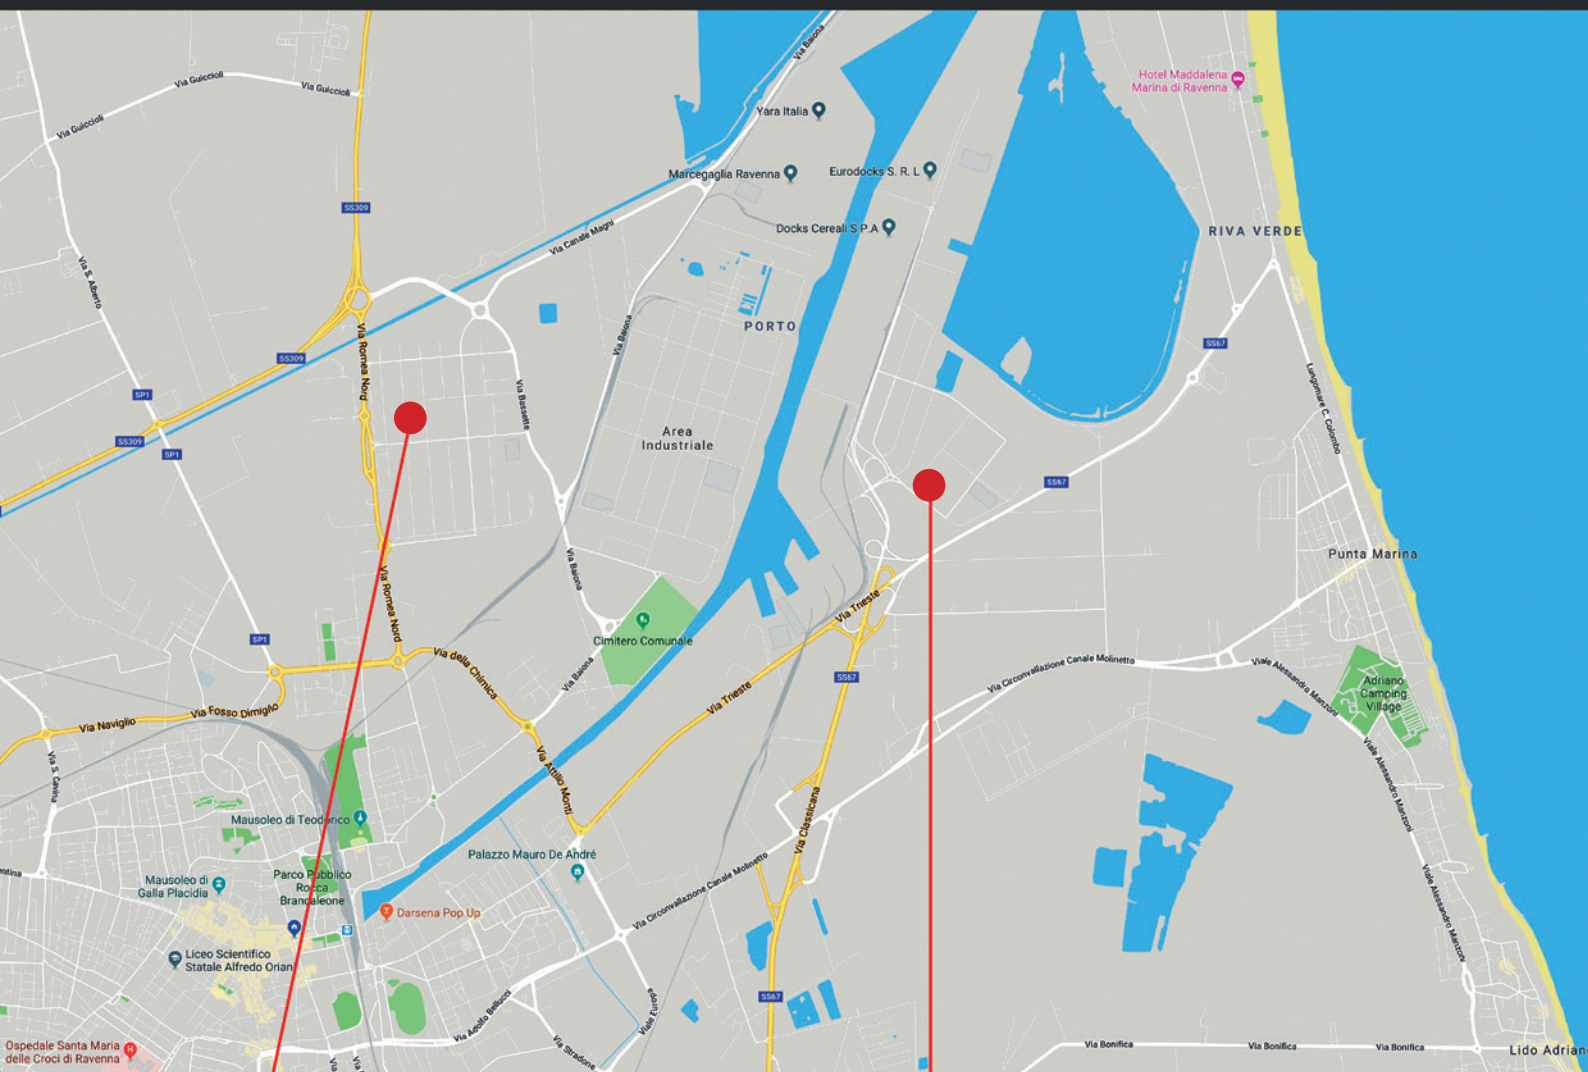

The indispensable knowledge gained over thirty years has equipped us to deal with complex scenarios of all kinds, while the strong links we have forged with all our industry partners at the port means we can offer our customers the utmost fluidity, satisfaction and safety, right down to the finest detail.
